My class and I visited Chris Care Center in Phoenix, Arizona to comfort the old people who needed a little cheering up during the holiday season.

The first two __1__ there were for persons requiring help in taking care of themselves. We sang __2__ for them. They loved our sweet songs and the flowers that we left with them.

As we were __3__ on the third floor for old people with Alzheimer (老年痴呆症), most of them __4__ off at the walls or floor. However, one lady __5__ my eye. She was sitting by the door, in a wheelchair, singing songs to herself. They weren't the songs that we were singing, at least they didn't __6__ like that. As we got __7__ with each festive song, she did as well. The louder we got, the louder she got. __8__ she was singing, she was also __9__ out to us with her hands and body. I knew that I should have gone over to her, but I thought that my __10__ were to my students. People who worked at the care center could __11__ to her, I thought. Just when I stopped feeling __12__ about not giving her the attention she needed, one of my students, Justin, showed me what the holiday season is really about.

Justin also __13__ the same lady. The difference between us is that he __14__ on her needs, but I didn't. During the last song, Silent Night, Justin walked over to her and held her hand. He looked this aged lady in her __15__ and with his actions said, "You are important, and I will take my __16__ to let you know that."

This tired, elderly lady stopped singing and held his hand. Then she touched his cheek with the other hand. Tears began to fall down her face. No __17__ can completely describe that touching moment...

It __18__ a boy to teach me, a man, about kindness and love. Justin's example of a complete, selfless attitude toward another was a __19__ that I will never forget. He was the teacher that day, and I consider myself __20__ to have witnessed his lesson.
